*Before completing this review, make sure you view the U1 Core Respirator Knowledge Training available on the Archdiocese of Seattle website. Please circle one answer to each of the questions below.*

1-You having an Authorized Respirator User Card with the Half-Face Endorsement is your way and our way to show that you can legally and safely use a Half-Face respirator? **Yes** **No**

2- A Half-Face Respirator is a tight-fitting respirator to the face. It needs to have a good seal to the face so when you inhale it draws air through the filter? **Yes** **No**

3- The P100 grade of filter on the half-face respirator has an efficiency level of 99.97% or greater against particulate aerosols that contain oil and greater than 0.3 microns in size? **Yes** **No**

4-Is one of the steps in using a half-face respirator asking yourself at the time of use if you are well? **Yes** **No**

5- Is the term of use and reuse of half-face respirators that follows the CDC guidance described in Addendum #2 of the Archdiocese of Seattle's Respirator Program. **Yes** **No**

6- To be able to use a half-face respirator, is the Archdiocese of Seattle REQUIRING THE USE OF A FACESHIELD AT THE SAME TIME the N95 is worn for the four scenarios that are defined as high risk or extremely high-risk situations? **Yes** **No**

7- Is the most significant risk when reusing a half-face respirator is of contact transmission from touching the surface of a contaminated respirator and then touching a mucous membrane of the face? **Yes** **No**

8- One should never use a cleaning or disinfecting chemical on the filter media of the respirator, only use it sparingly on the hard components. Does this mean one should heat them, steam them, place them in a microwave or expose them to UV light to disinfect them? **Yes** **No**

9- Training & Fit Testing needs to be retaken in one year to renew and maintain a valid Authorized Respirator User Card with a Half-Face Endorsement? **Yes** **No**

10- A Half-Face respirator is an acceptable type of respiratory protection for all four scenarios that OSPI/L&I/DOH jointly require respirators to be worn? **Yes** **No**

**Note: This form is to be filed in the Employee's personnel file**
