

## **Brainstorm Session Summary**

## "What are our gifts?"

To develop a summary, review what was shared and recorded in the table on document B2B. Take time to condense the specific responses to the questions into a one to three sentence summary. This will be shared with the PFAC as they begin discussing the current state of the parish and preparing for conversations around opportunities and challenges.

conversations around opportunities and chanenges.	
1.	How have the experiences of those in our parish (and their experience of our parish's gifts and charisms) brought them closer to God? What has been the spiritual impact of their participation in our parish?
2.	If they had to describe the main gifts and charisms of our parish to a newcomer in one sentence, what would they say? What are their favorite parts about being a parishioner? What stands out to them as something to be proud of?
3.	What else was heard from this discussion that would help the parish family prepare for future discussions?
