What should we be called?

Document E3D: Small group listening and discussion – ~30 minutes

Facilitator's Guide

Please ensure everyone shares their thoughts, while also keeping an eye on the time. Start with brief introductions, pose the first question and then invite people to a few moments of silence before sharing begins.

Sharing (20 minutes) – Each person shares once, with equal time for each participant.

> **Based on my experience in the parish family, what proposed new parish names resonate? How do these names reflect the discussions we had up to today?**

Summing up (3-5 minutes) – Each person shares once – this could be one word or one sentence.

> **What did I hear? What is one main theme that is staying with me?**

Free conversation in small groups (remaining time – at least 10 minutes)

> **Now that we have completed the listening portion, what, if any, feedback would you like to share?**
